

# ATTENTION

## Indiana Certified Septic System Installers

### Attending specific education courses at the **2010 Pumper & Cleaner Environmental Expo International** can earn you **Continuing Educational Units (CEU)**

The world's largest annual convention and trade show for liquid waste management and sewer/drain cleaning professionals will be held in **Louisville, Kentucky, February 24-27, 2010**. The Indiana Department of Environmental Management has approved the courses listed below for credit towards Continuing Educational Units.

### Here's what you need to do after registering for the Expo:

#### 1. SCAN YOUR BADGE.

You will need to have your Expo badge scanned at a station located in the back of the seminar room.

#### 3. PICK UP YOUR "ATTENDANCE RECOGNITION" CERTIFICATE.

After each seminar, pick up your "Attendance Recognition Certificate". These certificates are your proof of attendance, so don't lose them!

#### 2. SIT BACK, RELAX AND LEARN!
