

ATTENTION

Kentucky DEP Certified Septic System Installers

Attending specific education courses at the
2010 Pumper & Cleaner Environmental Expo International
can earn you **Continuing Educational Units (CEU)**

The world's largest annual convention and trade show for liquid waste management and sewer/drain cleaning professionals will be held in **Louisville, Kentucky, February 24-27, 2010**. The Kentucky Department for Environmental Protection has approved the courses listed below for credit towards Continuing Educational Units.

Here's what you need to do after registering for the Expo:

1. SCAN YOUR BADGE.

You will need to have your Expo badge scanned at a station located in the back of the seminar room.

3. PICK UP YOUR "ATTENDANCE RECOGNITION" CERTIFICATE.

After each seminar, pick up your "Attendance Recognition Certificate". These certificates are your proof of attendance, so don't lose them!

2. SIT BACK, RELAX AND LEARN!
