Tuesday February 28th 2012

Business Track

Market Like the Green Bay Packers
Training is the Key to Unclogging a Messy Business
How to Make Profits that Drop Straight to the Bottom Line

Liquid Waste Track

What You Should Know About ATU's
From the Kitchen to the Grease Trap to the Landfill
The Evolution of Effluent Filters

*******Installer Track*******

All Day Onsite Installer Course (6 CEU's)

This course does not replace the required application and testing process for certification in KY. Each attendee that chooses to become certified to install systems in KY must still make application and pass the **Onsite Sewage Disposal Systems Test** which is given through their local county health dept.

Also, if the participant attended the Certified Onsite Installer Course during the 2010 or 2011 Pumper & Cleaner Expo they will not receive CEU credit for repeating it again this year.

Wednesday February 29th 2012

Business Track

Septic, Sewer & Portable Business Valuation Basics
Inexpensive Marketing, Promotion and Advertising Ideas
Mobile Marketing – Making Smartphones Work

Installer Track

Installation & Operation of Float Switches
STEPping UP
Measuring Sewer Flow Accurately

Industry Safety Track

OSHA: Introduction to Soil Analysis
